

1 HOPPE-KELLY VINEYARD RUSSIAN RIVER VALLEY AVA

Stand on this high, hillside vineyard and overlook the entire Russian River Valley. Excellent volcanic soil and cool afternoon winds ensure dark, powerful, complex fruit.

SOIL	FELTA GRAVELLY LOAM, DARK RED FERROUS
ELEVATION	450'
SLOPE	STEEP HILLSIDE
CLONES	ALBAN & UC CLONE 1
DENSITY	1,555 VINES PER ACRE
PLANTED	1996
ORIENTATION	NORTH X SOUTH
ASPECT	SOUTHERN
WINES	EDDIE'S PATCH SYRAH WILD MOUNTAINSIDE VIOGNIER

2 DUMOL FLAX ESTATE RUSSIAN RIVER VALLEY AVA

This rocky Westside Road site is in the heart of the "miracle mile" among the most historically famous Pinot Noir vineyards in California.

SOIL	RIVERWASH & PAJARO GRAVELLY LOAM
ELEVATION	200'
SLOPE	HILLSIDE
CLONES	POMMARD, MT EDEN, & SWAN
DENSITY	1,555 VINES PER ACRE
PLANTED	1996
ORIENTATION	NORTH X SOUTH
ASPECT	EASTERN
WINE	DUMOL FLAX ESTATE PINOT NOIR

3 TIMBERVINE RANCH RUSSIAN RIVER VALLEY AVA

This small, remote vineyard is organically farmed on an extreme slope with low yields. Its fruit captures the wild site qualities: earthy, meaty, savory and dark.

SOIL	HIGHLY ERODED ROCKY GREYWACKE VOLCANIC SOIL
ELEVATION	800'
SLOPE	VERY STEEP
CLONES	DURRELL & UC CLONE 1
DENSITY	907 VINES PER ACRE
PLANTED	1990
ORIENTATION	NORTHEAST X SOUTHWEST
ASPECT	SOUTHWESTERN
WINES	WILD MOUNTAINSIDE SYRAH WILD MOUNTAINSIDE VIOGNIER

4 GREYWACKE VINEYARD RUSSIAN RIVER VALLEY AVA

This far-west site on the steep eastern slope of Black Mountain features rolling Tuscan-like hills of highly complex, iron-rich soil.

SOIL	GREYWACKE GRAVEL-SAND-QUARTZ
ELEVATION	500'
SLOPE	VERY STEEP
CLONE	ALBAN
DENSITY	1,555 VINES PER ACRE
PLANTED	2006
ORIENTATION	NORTH X SOUTH
ASPECT	EASTERN
WINE	WILD MOUNTAINSIDE SYRAH

5 RITCHIE VINEYARD RUSSIAN RIVER VALLEY AVA

This pedigreed site with old vines and gnarly trunks, coastal breezes and cool morning fog, and a signature soil profile delivers low-yield grapes of rare intensity and complexity.

SOIL	GOLDRIDGE/SANDSTONE/ALLUVIAL
ELEVATION	200'
SLOPE	GENTLE ROLLING HILLS
CLONE	OLD WENTE
DENSITY	726 VINES PER ACRE
PLANTED	1972
ORIENTATION	NORTHEAST X SOUTHWEST
ASPECT	NORTHWESTERN
WINE	RITCHIE VINEYARD CHLOE CHARDONNAY

6 DUMOL GVR ESTATE SONOMA COAST AVA

This is an incredible ridgetop site that stays cool while enjoying lots of exposure. The field selections planted here ripen slowly and evenly, developing wonderful balance and nuance.

SOIL	GOLDRIDGE FINE SANDY LOAM
ELEVATION	312'
SLOPE	GENTLE SOUTH-FACING HILLSIDE
CLONES	SYRAH NOIR & ESTRELLA RIVER
DENSITY	1,089 VINES PER ACRE
PLANTED	1999
ORIENTATION	NORTH X SOUTH
ASPECT	SOUTHERN
WINES	ESTATE VINEYARD SYRAH WILD MOUNTAINSIDE VIOGNIER

7 WILDROSE ESTATE VINEYARD SONOMA COAST AVA

Called "The Secret Garden" by our winemaker, this cool dry-farmed three-acre monopole parcel produces vibrant, concentrated red fruit.

SOIL	GOLDRIDGE SANDY-CLAY-LOAM
ELEVATION	130'
SLOPE	GENTLE EAST FACING SLOPE
CLONE	DIJON
DENSITY	1,382 VINES/ACRE
PLANTED	2000
ORIENTATION	NORTH X SOUTH
ASPECT	EASTERN
WINE	WILDROSE VINEYARD PINOT NOIR

8 DUTTON WIDDOES VINEYARD RUSSIAN RIVER VALLEY AVA

This is a great old-vine, dry-farmed, late-ripening vineyard, featuring wide spacing and very deep rootstock, that we have partnered with since our inaugural Pinot Noir in 1996.

SOIL	GOLDRIDGE FINE SANDY & CLAY
ELEVATION	150'
SLOPE	MIDSLOPE OF LOW-LYING HILLSIDE
CLONE	MARTINI
DENSITY	907 VINES PER ACRE
PLANTED	1984
ORIENTATION	NORTH X SOUTH
ASPECT	EASTERN
WINE	WIDDOES VINEYARD <i>RYAN</i> PINOT NOIR

9 DUTTON UPP ROAD VINEYARD RUSSIAN RIVER VALLEY AVA

We planted this vineyard in 2010 with pedigree clones. The very steep northeast-facing hillside has very shallow soil forcing the vines to dig deep, limiting vigor and encouraging fruit complexity.

SOIL	GOLDRIDGE SANDY-LOAM
ELEVATION	225'
SLOPE	STEEP HILLSIDE
CLONES	SWAN, CALERIA, & 943
DENSITY	1,555 VINES PER ACRE
PLANTED	2010
ORIENTATION	NORTH X SOUTH
ASPECT	NORTHEASTERN
WINE	WESTER REACH PINOT NOIR

10 DUTTON HANSEN HILL VINEYARD RUSSIAN RIVER VALLEY AVA

This small, very steep site — formerly an apple orchard — produces classic Old Wente Chardonnay. Very well-drained soil and persistent cooling winds keep the vines small and the fruit beautifully balanced and concentrated.

SOIL	GOLDRIDGE SANDY LOAM
ELEVATION	300'
SLOPE	VERY STEEP HILLSIDE
CLONE	OLD WENTE
DENSITY	1,555 VINES PER ACRE
PLANTED	2007
ORIENTATION	NORTHEAST X SOUTHWEST
ASPECT	SOUTHWESTERN
WINE	WESTER REACH CHARDONNAY

11 DUMOL MARSHALL ESTATE SONOMA COAST AVA

This newly planted ten acres — formerly an apple orchard — sits in classic Goldridge soil with a top layer of "moondust." We expect this cool site to be one of our future star vineyards.

SOIL	GOLDRIDGE SANDY-LOAM
ELEVATION	250'
SLOPE	MIDDLE RIDGE DROPPING STEEPLY
CLONES	CALERA, SWAN, & 943
DENSITY	2,420 VINES PER ACRE
PLANTED	2017
ORIENTATION	NORTH X SOUTH
ASPECT	EASTERN
WINE	FIRST HARVEST IN 2019

12 DUMOL COFFEE LANE ESTATE RUSSIAN RIVER VALLEY AVA

Our extremely high-density vineyards force our vines to delve deep into ideal soils creating fruit of extraordinary complexity and concentration.

SOIL	GOLDRIDGE SANDY-CLAY-LOAM
ELEVATION	400'
SLOPE	HILLSIDE RIDGETOP
CLONES	CALERA & SWAN
DENSITY	3,630 VINES PER ACRE

ASPECT	EASTERN
WINES	ESTATE VINEYARD CHARDONNAY HIGHLAND DIVIDE CHARDONNAY FINN PINOT NOIR

15 DUTTON MORELLI LN. VINEYARD RUSSIAN RIVER VALLEY AVA

While very close to the ocean yet above the fog line, this Morelli Lane site is temperate and sheltered, its fruit deep, vibrant, and wonderfully concentrated.

SOIL	GOLDRIDGE FINE SANDY LOAM
ELEVATION	800'
SLOPE	GENTLY ROLLING HILLS
CLONE	MT EDEN
DENSITY	907 VINES PER ACRE
PLANTED	1995
ORIENTATION	NORTH X SOUTH
ASPECT	FULL EXPOSURE
WINE	HIGHLAND DIVIDE CHARDONNAY

16 CHARLES HEINTZ VINEYARD SONOMA COAST AVA

This old-vine, wide-row ridgetop vineyard is truly a California "Grand Cru" with a strong maritime influence delivering complex savory and mineral elements.

SOIL	GOLDRIDGE SANDY LOAM & CLAY
ELEVATION	800'
SLOPE	RIDGE TOP WITH GENTLE SLOPING SIDES
CLONE	UC CLONE 4
DENSITY	726 VINES PER ACRE
PLANTED	1982

ASPECT	SOUTHERN
WINES	WESTER REACH CHARDONNAY WESTER REACH PINOT NOIR

18 JOY ROAD VINEYARD SONOMA COAST AVA

Our most westerly site, this high-density, multi-clonal vineyard is planted on deep sand within a redwood forest. Buffered by a ridge, the site maintains an ideal microclimate.

SOIL	GOLDRIDGE SANDY LOAM
ELEVATION	1,000'
SLOPE	GENTLE SOUTH FACING SLOPE
CLONES	EIGHT CLONE FIELD BLEND
DENSITY	3,300 VINES PER ACRE
PLANTED	2004
ORIENTATION	NORTH X SOUTH
ASPECT	SOUTHERN
WINE	JOY ROAD PINOT NOIR

19 OCCIDENTAL ROAD VINEYARD RUSSIAN RIVER VALLEY AVA

Located in the heart of the Santa Rosa Laguna plains, this site has incredibly diverse soils that range from heavier clays to lighter sands — the richer clay soils deliver depth and density in Pinot Noir.

SOIL	CLAY LOAM
ELEVATION	100'
SLOPE	BENCHLAND
CLONES	FIELD BLEND
DENSITY	907 VINES PER ACRE
PLANTED	1992
ORIENTATION	NORTH X SOUTH
ASPECT	FULL EXPOSURE
WINES	FINN PINOT NOIR

20 LORENZO VINEYARD RUSSIAN RIVER VALLEY AVA

Farmed by the Bazzano Family since its inception, this is one of California's most famous Chardonnay plantings with a 40-year track record of world-class quality.

SOIL	CLAY LOAM
ELEVATION	100'
SLOPE	BENCHLAND
CLONE	OLD WENTE
DENSITY	702 VINES PER ACRE
PLANTED	1974
ORIENTATION	NORTH X SOUTH
ASPECT	FULL EXPOSURE
WINES	LORENZO VINEYARD CHARDONNAY WESTER REACH CHARDONNAY
